Optional: A brief statement about why you are running for office and/or what you hope to achieve during your term, if elected.

CALL/ACBD has been essential to my professional and personal development throughout my early career. I have been fortunate to receive monetary awards to attend conferences, the New Law Librarians Institute, and for research projects. However, more importantly, I have made an invaluable network of legal information professionals that encourage, support, and engage with my ideas and ambitions. I would like to continue providing these same opportunities for growth to new professionals while focusing on growth for the Association on a broader level.

The Association needs to meet the current challenge of pivotal expansion. Legal information has been and will continue to experience rapid growth and advancement and we should be leaders of change. My professional experience paired with my desire to foster community

and engage with key stakeholders to help determine the values and goals for contemporary legal information professionals will allow me contribute to the future of the CALL/ACBD.
